*And...* ANOTHER A+ FROM OUR RESIDENTS

“Moorings Park is a great place to live, with **great neighbors who share common interests**. Let’s face it: Social, intellectual and physical activities are happiness and good health makers.” – K.S.

“The facilities here are **the best we have ever seen**.” – A.S.

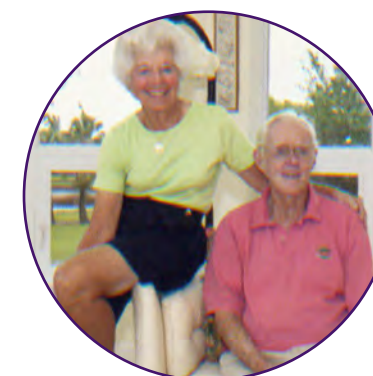

“We looked all over the East Coast. None off them had on their grounds **all of the facilities we might need**, like the Chateau , like Orchid Terrace, assisted living and nursing care. They had a place for you to live and they had people that would come in and help if you needed help.” – B.E.

“Everything you could ever want is only five to ten minutes away. **You can’t beat the location anywhere**.” – J.O.

“What impressed the heck out of me was how well Moorings Park was maintained, open spaces, the fresh air, the facilities available here, all the different apartment arrangements. **I couldn’t resist it** and neither could my wife.” – E.B.

“The **best social time of the day** is the evening meal. And now there are places where you can eat less formally than you could before.” – M.K.

“My mother lived here and she was one of the early residents. **It’s our standard of excellence**. When you go to these other places, they just don’t hold up.” – L.S.
